

“Portobello for Young People”

Portobello Community Council hosted Stakeholder meeting

Monday 26th October 7.30 – 9.00pm

Portobello Community Council and City of Edinburgh Council Community Learning and Development have been asking young people in Portobello (10 -16) what they like in the area and what would make it even better.

We hope to bring people working and interested in young peoples services together, to look at the results of the consultation, share learning and hopefully take some of the ideas forward.

The plan for the evening is as follows...

1. Share the findings from the research and discuss results
2. A mapping exercise of what is already happening in the area
3. Facilitated discussion about how we can make Portobello even better for young people as identified by the research
