

## **Roads**

### **1. Finger Posts**

No further update, works are still progressing for these to be done in the next few months

### **2. Coade Stones – Distance Markers**

Coade stone markers – these are now complete

### **3. Prom surface - Ponding**

There is an issue with ponding at the bottom of John Street, Roads team will investigate a solution – this is ongoing.

### **4. Portobello High Street**

New carriageway patching contract is due to start here in the next 2-4 weeks

### **5. Brighton Place**

A decision to resurface Brighton Place using asphalt has now been taken after Councillors reassessed feedback from local community groups.

The Council anticipate road works to start at this location Summer/ Autumn 2016.

The setts at this location will be removed to store at a Council Roads depot, the granite setts will then be recycled in order that they can be reused in future road/ pavement schemes within the city.

## **Parks and Greenspaces**

### **6. New Plants**

Planting will be undertaken in Rosefield Park, Abercorn Park and Portobello Community Garden within the next few weeks (weather permitting)

## **7. New EH15 Park**

The Board approved the 3 park designs these will go out for consultation soon. Available to view via: the website [yoursay@elgt.org.uk](mailto:yoursay@elgt.org.uk), Libraries and other electronic methods.
