

Roads

1. Finger Posts

Keith Allison is meeting with workshop supervisor to arrange removal of obsolete finger posts and installation of new posts. Work to be carried out within the next four weeks

2. Prom surface - Ponding

Keith Allison to carry out land survey at the promenade at James Street. Works will be carried out July/August 2016. Gullies have been inspected again and a request has been made to the gully team to have them cleaned out. KA will report back on timescales

3. Bellfield Street

Bollards survey has shown three or four bollards need replaced. Workshops are checking how many are in stock prior to organising work. We are also looking at repainting other bollards

4. John Street

Dip in surface – This was repaired in May 2016

5. Yellow lines in Rosefield

Repairs/resurfacing works to be carried out Autumn 2016 prior to repainting the double yellow lines – work has been delayed due to City Fibre installing their apparatus.
